JUDGMENT

- [1] **GIVEN** the case protocol in this matter provided that the request for setting the matter down for trial by joint declaration was to be filed by July 4, 2025;
- [2] **GIVEN** the parties wrote to the Court on this date requesting a one-month extension of this deadline to pursue discussions aiming at shortening the time requested for trial;
- [3] **GIVEN** the parties informed the Court on August 4, 2025, that they had agreed on a joint declaration, which incorporated several measures intended to shorten the time requested for trial;
- [4] **GIVEN** an extension of the deadline for setting down the matter for proof and hearing is consistent with the principle of proportionality and the good administration of justice;
