Re: Osram Sylvania Headlight Class Actions - Settlement Administration - Final Reporting Letter

Dear Me Charbonneau,

Further to our reports previously delivered on June 21, 2017 (interim detailed accounting report) and March 28, 2018 (Closing Report), we are writing to confirm that final payments have been made in accordance with the Court approved terms of the settlement agreement. The final payments due and paid are as follows:

- The Fonds d'aide aux actions collectives was paid CAD \$6,527.56; which is exactly the amount the Fonds was entitled to recover under the settlement agreement.
- The remainder of the residual settlement fund, which was CAD \$48,790.75 was paid cy-près to MADD Canada.

We confirm that all of the terms of the settlement agreement have now been properly fulfilled.

We wish to sincerely thank all counsel and the Courts for the opportunity to serve as the Claims Administrator.

Yours truly,

LAURA J. BRUNEAU
